

2022 Kinesiology Commencement Student **Speaker Application**

Graduation is an exciting and memorable time for you and the people in your lives who take pride in your accomplishments. Become a part of Kinesiology history by sharing your thoughts about your U-M SoK education and experience in a 2-3 minute speech during our commencement ceremony.

Undergraduate and graduate students who wish to be considered for this very important honor of representing their graduating class should submit an application and video by **Monday, April 4, 2022**. The speakers will be chosen by the commencement committee.

Part I.

Submit a written explanation (maximum 1 page) of why you would like to be the student commencement speaker. Include your name, the term you will graduate or have graduated, major/program, and e-mail address (this page should serve as the top page of your application packet). You may also include your GPA, activities, honors, awards or anything else that will enhance your application.

Part II.

Submit a typed copy of your intended 2-3 minute speech. The content should directly appeal to graduates and their families.

Part III.

Submit a video of yourself reciting your speech. This may be taken on your mobile phone, tablet, or computer. It does not need to be of professional quality.

Please email all three parts to Deveny Rosebrock at deverose@umich.edu by **Monday, April 4, 2022.**
